

# Class Descriptions & Important Dates

**Ballet Maintenance Class:** This is an intermediate level ballet class designed for dancers to maintain their technique during the summer months. Class will include barre work, petite allegro, adagio, grande allegro and across the floor combinations.

**Improvisation & Group Choreography:** Improvisation is important for dancers to learn and develop their own style of artistic expression. Improvisation helps dancers identify their natural movement patterns and enhance their ability to express through movement. Dancers will be taken through a series of movement activities and games teach them tools for improvisation. As their own movement patterns develop, dancers will use their improvisation to create a group piece that will be performed in the end of summer recital.

**Stretching & Strength For Dancers:** This class is for EVERYONE – all ages and all abilities! This 60 minute class is designed to help balance the body through pilates, yoga, stretching and conditioning.

**Adult Dance Combo Class:** Adult students will use ballet barre, center floor work, lyrical/contemporary techniques and choreography to develop skills and style in this intermediate level combo class. Great for former dancers or dancers looking to continue their dance training.

**B-Fit Boot Camp:** B-Fit Bootcamp is a full body workout class drawing on exercises practices ranging from aerobics, plyometrics and agility training. Dancers and non-dancers of every age are invited to workout together to Be Fit!

**TGIF – Tweens & Teens Growing In Faith:** Join Kim Johnson for a non-denominational bible study discussing common challenges that tweens and teens face. Through a guided study of the bible, students will find the bible attainable and relevant to their lives!
